

SOVEREIGN

BBQ'S & GRILLS
AUSTRALIA

www.sovereignbbqs.com

Overview

We are proud to offer you a truly functional BBQ. Crafted to the highest quality, and purpose built for the harsh outdoors including boats, R.V's, home and camping.

All models are manufactured from fully welded 316 stainless steel (no folded or sharp edges), which gives a timeless finish that will not rust. Our high quality stainless steel burners offer excellent tracking, coverage and a lifetime of reliable service. BBQ plates are manufactured from 3CR12 material, a superior cooking surface with excellent thermal conductivity and rust resistance. Our shaped lid features an adjustable steam relief port and nautical teak handle.

Our rotary piezo ignition and heat control is combined into the one simple, user friendly and reliable system.

Front, middle and rear M10 mounting points make the BBQ's suitable for every possible installation, including custom requirements or most typical installations using our standard range of marine mounting options.

SAFETY FIRST:

- ✓ AGA tested and certified
- ✓ Flame failure safety device
- ✓ Piezo ignition system (no need for matches)

Model Selection

Alpha BBQ shown fitted with optional utensil tray

Bravo BBQ shown with flat/grill plate

AFPBBQ Alpha with flat plate
AGPBBQ Alpha with flat/grill plate

BFPBBQ Bravo with flat plate
BGPBBQ Bravo with flat/grill plate

Key Features (All Models):

- Removable plate with handles for easy cleaning and access to burner
- Baffled air intake reduces the chance of BBQ blowing out in strong winds
- Functional removable fat tray system (refer to 'Alpha BBQ shown') and sealed base compartment
- A simple threaded pin system locks the bbq lid and plate in position for easy carriage and storage
- Internal components can be quickly and easily removed to make cleaning and servicing a breeze
- BBQ plate features an oversized splash-back panel to minimise fat splattering into the rear vent
- Double skinned base compartment reduces heat transfer to BBQ exterior
- Adjustable steam vent on top of lid
- Wind guards on each side of the plate. (Contains unwanted fat splatter when cooking with the lid open)

Testimonials

"We did our homework, looked at other BBQ's on the market and found that Sovereign is fabulous for our needs. Thanks for a great product."

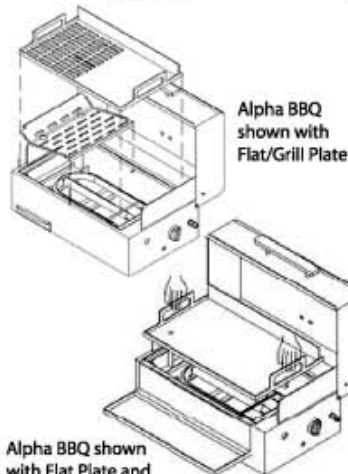

Michael Lindsay

"Clearly an extraordinary amount of thought has gone into this product. It's a gem!"

Greg Williams

"Possibly the best quality marine BBQ on the market."

Raife Billington - Post Commodore SYC
