

## What People are Saying about ULTRA FLIP SWIVEL

As the sole distributor of ULTRA-brand products in the U.S., we have some great things to say about the ULTRA FLIP SWIVEL. You may be interested to hear what others are saying about this amazingly effective anchoring accessory.

“**ULTRA FLIP SWIVELS** are the best swivels on the market and we plan to use them exclusively on all of our future builds and refits.”

- Derrick Record, Christensen Shipyards Engineering, USA

“The combination of the ULTRA Anchor, your nifty **ULTRA FLIP SWIVEL** and your chain hook are in danger of making us become over-confident in our anchoring skills.”

- John and Nancy Celick, *La Sirena*, Offshore 54' PHMY

“Retrieving an anchor is one of the most dangerous maneuvers in boating. The **ULTRA FLIP SWIVEL** by Quickline USA allows you to get the anchor up and aligned with the bow roller quickly and easily. Made of incredibly strong and highly polished 316L stainless steel, the Ultra Flip Swivel does the hard and dangerous work of retrieving an anchor.”

- Sea Magazine, February 2008

“Designed to complement the quality and performance integrity of the Ultra Anchor, Quickline's **ULTRA FLIP SWIVEL** ensures solid anchor setting, seamless retrieval and consistent stowage. The Ultra Anchor and Swivel feature a sleek configuration and profile that fits most existing bow arrangements, and equips any vessel with efficient and flexible anchoring.”
