

# Ultra Chain Grab and Snubber

**Safe and secure anchoring is all about the equipment.**

**Quickline provides the highest quality 316L stainless steel anchoring gear that's effective, easy to use, and best of all, it delivers peace of mind.**

[www.quickline.us](http://www.quickline.us)

- May be used to align vessel to waves or weather
- Eliminates noise from anchor chain
- Rubber damper absorbs jerking from anchor chain
- Eliminates strain on windlass and cleats

**At anchor, are you concerned that your windlass or cleat may not hold up against an anchor chain that is strung bar tight?**

**Are you tired of the vessel lurching against a taut anchor chain?**

**When anchored, do the rattling sounds of your anchor chain make you crazy?**

The Ultra Chain Grab and Snubber put an end to these irritants because they absorb chain-pull stresses before it reaches your vessel. It also eliminates stress on the windlass because it attaches directly to the vessel's bow cleats or samson post. Chain-pull is now completely shifted to the Ultra Chain Grab and Snubber, and the result is a smooth, comfortable ride at anchor.

The Chain Grab is made from the finest 316L stainless steel. Its spherical head hooks onto the anchor chain, and the hard-rubber shock absorber flexes to smooth out the ride.

When hoisting anchor, Chain Grab automatically detaches itself from the anchor chain once the load is eliminated. The forces of gravity simply allow it to slip off the chain link. There is no need to physically stop the windless to remove the Chain Grab from the anchor chain.

You won't believe the difference Ultra Chain Claw and Snubber makes in your quality of life at anchor — quiet and relaxing, the way it should be.

## Specifications

Unit #	Chain Size (in.)
# 6	3/16
# 8	1/4 and 5/16
# 10	3/8

## Other Quality Quickline Products Include:

- Quickline Flat Rope and Reel
- Ultra Anchor
- Ultra Swivel
- Ultra Trip Hook

**Limited Warranty:** Quickline USA warrants that these products will be free from defects in materials and workmanship under normal use and service for a period of three (3) years from the date of purchase. If any product proves to be defective within the three-year period, the customer must return the defective Product to Quickline USA.

Quickline, at its sole discretion, will repair or replace the defective Product, provided that Quickline USA investigation disclose that (a) such defect developed under normal and proper use and (b) the Product is covered under this limited Warranty. Repair or replacement of the defective Product shall be Quickline's sole obligation and the customer's sole remedy hereunder. The customer is liable and shall pay for shipment of the Products to Quickline USA
